

R.Kelly, I Believe (Obama Tribute)

I believe

I believe

I believe

OH

I believe

I believe

I believe

OH

I believe

I believe

I believe

OH

I believe

I believe

I believe

OH OH I

When the mountain seems too high

And you don't have the courage nor the strength to climb

In a road you all 'lone in

But still you run though you can not see the finish line

And dark cloud are over you

Your sky's no longer blue

But you marched on straight ahead

And somehow you made it threw

Got to the mountain

And lead the path for me

Your victory made history and now I believe

I believe

I believe

OH

I believe

I believe

I believe

OH

I believe

I believe

I believe

OH

I believe

I believe

I believe

OH OH I

When it felt like you and we couldn't fight no more

On the ropes and it seemed like you was gonna' run out of breath

When the world was on your shoulders

And the walls were in your way

You leadily made it over

Threw it all you kept the faith

With the hope you set us free

You showed us how to dream

And now we can lift our voices and forever see

Now's the time to look ahead

And think of the heroes of the past

To celebrate this victory

Lets raise the flag cause I believe

I believe

I believe

OH

I believe

I believe

I believe

OH

I believe

I believe

I believe
OH
I believe
I believe
I believe
OH OH I
And when they tried to keep you down
You kept up your head
Never lose inside
You believed in what was right
You endured to the end
Walked threw the strongest wind
And when our hope was dying
You brought us healing
And now I got something
To tell my children I believe
