You been wantin my body I been wantin your body (so no more waiting)

Baby (baby) can you move just a little closer

Come and get this sweet lovin you deserve

Girl I'll be real gentle with it I promise to make your body come like 3 or 4 times in a row

If you believe in me tonight all your fantasies will come true in this bedroom and you aint gotta say

First you want me to go down and push the power button

[Chorus]

I'll be your remote touch me turn me on make me sing a song

Now put me on slow.. Baby push enter now fast forward

Girl you got me programed under your control

Something about the way you turn it over and poke it out

Said it makes me want to grab the remote and put that ass on pause
