

# R. Kelly, U Saved Me

Intro: True Stories (what) Miracles (What) True Blessing (What )

I was riding in my car one day, in the express lane, rolling on the freeway  
And suddenly the phone rings, then I reached down beside me  
Then I looked on the floor felt on the back seat  
See I was drinking while I was driving.  
Never thinking what I was doin  
I turned around and before I knew it here comes this truck now.  
The doctor said "I don't think he isn't gonna to make it."  
Family said "Make the funeral arrangements."  
Unplug the machine he's gone now, then told my wife to be strong now  
Then a small voice said unto me "If you promise to stop drinking,..."  
I surrendered the pain that day.

Now for ten years I've been straight

((Chorus)) You saved me, You saved me, You saved me, you saved me (Thank you Jesus)

Gave me a second chance, you saved me, you saved me (Thank You Jesus)( Repeat 2 more times

((verse 2))

Now I've been sitting in this chair, waiting on the phone to ring  
Praying up to God, that someone would call me with a job opening  
Cause it's been so hard for me month to month struggling to eat  
But still there was no answer(no answer)

I stop believing in his word and got so mad at him and when somebody say God's good I'd just laugh

But in the nick of time his blessings rained on me by his grace the phone rings a lady says were here

((Chorus))

((verse 3))

Now I was 18 out there on the block selling drugs, with a gun at my waist

And for people I had no love

See the streets was my home and family and friends were gone had no one to trust and deep inside

And then a deal went bad one day and it was enough to pause me

I was shot four times and before I knew it I was on my knees

Blood rushing out my body, my hearts beating fast, I don't know Imma do don't think Im gonna last

Then a very small voice said unto me I'll give you peace if you believe

I accepted Christ that day hallelujah now I'm free!!!

((Chorus))

((verse 4))

I was in the aisle of the grocery store with pain in my chest

And I'm wondering were did it come from?

I got tested and the results came back

The doctor said "I'm sorry but you've got cancer."

I could not believe it so I called up my momma to calm my nerves

(Momma)she got down on her knees

(Momma)She said a prayer for me

(Momma)Said just keep on thanking Jesus

(Momma)"And He'll give you all you need"(thank you Jesus)

Now that was five years ago don't have that pain no mo

Doc said, "You can go home cause all your cancers gone!!!"

((Chorus))

((Ab lib in between chorus))

It was by grace that you saved me

I'm so thankful that you looked down on me

Saw me standing there

I was at the end of my rope

No where to go then you gave me (A Second chance)

I was down and out till(You saved me)

I was doing drugs till(You saved me)

I was running these streets till(You saved me)

Never felt love till(You saved me)

I was gang bangin till(You saved me)
