We doin' what we want
We do it how we like
Yeah we makin' moves
Until the sun rise
We sing a different song
Roll with a different tide
Yeah we makin' moves
Until it's daylight

Cross our hearts, never die
Love is love, you and I
Live our truth, through the night
Ayyy yiii yii yii yii yiii

Yeah we out here we run till dark
Dancin' with all these lonely hearts
Let it wash all away
Yeah we run till dark
Yeah we out here we run till dark
Dancin' with all these lonely hearts
Let it wash all away
Yeah we run till dark

Doin' it how we should
So get over here
And let's get closer
We goin' outta mind
We gonna let it ride
It ain't over till
We say it's over

Cross our hearts, never die
Love is love, you and I
Live our truth, through the night

Dancin' with all these lonely hearts
Let it wash all away
