Ra Ra Riot, Dying Is Fine

To settle our thoughts
Never minding what for
Nothing of a harm to dread
On my mind
Tell me what belies
Tell me what I could have
Oh
Tell me what for

No more of this living, dying
Just scientific analyzing
Forgive us oh life
The sin of

Death, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were good

Is this it
Maundering about and
All I have is too much time
To understand
One can only love
Life until its ending
Oh
And I can't forget

No more of this living, dying
Just scientific analyzing
Forgive us, oh life
The sin of

Death, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were good
