

Rachel Robinson, Rescue Me

Everytime i close my eyes i'm dreaming super natural
I don't know where i've been all year
All the way to Romeo and back again and here we go
When i just wanted you to stay
She was born to love him yeah
But she's still waiting for him up on that ledge above him
Baby,
Rescue me
From my dreams
And from my secret identity just
Wake me from my sleep
Would you please
Just fall out of the sky and rescue me
All i want is to be with you why is that impossible
I only see you disappear
I know you've got a lot to do the whole wide world just wait for you
And baby i'll be waiting too
He was born to love her yeah
It's right there to discover
Flying so high above her
Baby,
Rescue me
From my dreams
And from my secret identity just
Wake me from my sleep
Would you please
Just fall out of the sky and rescue me
And earth will be our home
And sky our starry dome
And the only super power here that makes us strong and kills the fear
Only super power here is love
And the only super power here is love
Baby,
Rescue me
From my dreams
And from my secret identity just
Wake me from my sleep
Would you please
Just fall out of the sky and rescue me
Rescue me . . .
