

# Rachelle Ann Go, Love Won't Let Us Be

So many answers looking for the reasons to believe search for what is real  
So many reasons I try to find the one that fits my heart trust in what I feel  
You and I will find our selves not knowing who we are different worlds apart.

Chorus:

Time will lead our way heavens kindness is there for me in my heart you will  
always stay cause love won't let us be..

Think of all the moments remembering the precious times we shared the love we  
to have if I see tomorrow not brave enough that it's not you and me I learned to set

you free so afraid not knowing that it's time to say goodbye will I realize.

Chorus:

Time will lead our way heavens kindness is there for me in my heart you will  
always stay cause love won't let us be..

Bridge:

What I feel is something that no words can never show it's part of letting go

(REPEAT CHORUS)

Love wont let us be...
