

# Rackets & Drapes, Stix And Stonz

When they call you names  
Will you feel ashamed  
Will you hide your head  
Between your legs  
Tell me what you'll do  
When they laugh at you  
'Cause you carry a bible with you  
(he's a freak)

You will suffer  
You will suffer  
You will suffer for me and my name  
You will suffer  
You will suffer  
You will suffer for me and my name

When they call you freak  
Tell you that your weak  
Will you hide your head  
Between you legs  
Will you run in fear  
Will you shed a tear  
Over sticks and stones they throw at you

You will suffer  
You will suffer  
You will suffer for me and my name  
You will suffer  
You will suffer  
You will suffer for me and my name

Stix and Stonz  
Will break my bones  
Stix and Stonz  
Will break my bones  
Stix and Stonz  
Will break my bones  
The Stix and Stonz  
Will break my bones

The sticks and the stones  
Are gonna break my bones  
But the words that you say  
Will never never harm me

The sticks and the stones  
Are gonna break my bones  
But the words that you say  
Will never never harm me
