

# Racoon, Water By The Bed

Stay alone love, mommy's going away tonight  
Leave the light in the hallway on when you are frightened  
And try not to be sad. There's water by the bed

Say goodnight love, 'cause daddy's going away tonight Don't you worry, I promise I'll be home on t  
And please try not to scream, 'cause it's not all bad you see

I'm begging you, please don't go  
I'm scared alone mom you should know  
I'm scared of dreaming on my own  
I'm begging you mom please don't turn the lights down low

See you soon love. We'll be home around 11.00  
When you're hungry, there's some dinner in the oven  
And when you're sad or alone, the number's by the phone  
And please try not to scream. When it's only a, it's only a bad dream

Chorus
