

Radial Angel, She

She is my inspiration
She is my destination
And I want her
To hold my heart in her hands
And she is the one
Who holds my life in her arms
Right from the start

When will I see her again
When will I see her

She is the one
Who brings life to my heart
But I find myself in doubt
Thinking all this is my fault
But I know that she loves me
But I always question why
And she thinks that love
Comes from the stars
But I know she's right
But I, I need her
She's mine
All I need is what I need

When will I see her again
When will I see her

She, she's a lot of things
She, she's my everything

She, she's a lot of things
She, she's my everything
That I ever wanted

She is my
She's my everything
She is my
She's my everything
