

Radical Noise, Governmentality

IMF, Worldbank, multinatonal power trap
Guess who provokes the streetwars around
Casceheads built their copstate in the end
Taste the fear of the game called "stayin' alive"

Govermentality - Be cruel to poverty

If silence is golden, it's time to squander it
Voice your screams to let this kingdom burn

Freedom is limited to ownership
Fight your own, fight not to own
Let the table's turn

Govermentality - Be cruel to poverty
