

# Radio 4, Absolute Affirmation

Down the 9th street station  
on a Saturday  
recent considerations  
sent the world astray

And I can't shake this feeling off  
I heard they're selling souls at cost

So hold your head today is tomorrow  
all your thoughts take form as sorrow  
genuine things, still I keep coming

An absolute affirmation  
reassess the situation  
genuine things, still I keep coming

Sudden Sunday morning  
and I can't count to two  
somewhere in downtown Brooklyn  
I see them look at you  
and it's a tease, it's a tease, it's a tease but it always works  
and it's relief, it's relief, it's relief but it always seems to work

So hold your head today is tomorrow  
all your thoughts take form as sorrow  
genuine things, still I keep coming

An absolute affirmation  
reassess the situation  
genuine things, still I keep coming... back

And I know  
You always know what's better for me

Yes I know, Yes I know, Yes I know...  
You always know what's better for me

So hold your head today is tomorrow  
all your thoughts take form as sorrow  
genuine things, still I keep coming

An absolute affirmation  
comes and gets the confirmation  
genuine things, still I keep coming... back

coming back... coming back...coming back...

Still I keep coming
