

# Radio Citizen, Voices

Like sounds within a twilight beyond a dream  
I heard voices in the distance calling to me  
I'm in my vision giving me dream home, dream home  
Like sounds within a twilight beyond a dream.

When we remember  
10.000 years  
- bright line -  
As the final song

Brighter than the sunniest day that ever saw, happy dream,  
You smile the day of light, that's holding in a dream we ain't right,  
That's holding on a dream we're given in

Voices and voices  
In the distance
