

# Radio Killer, It Hurts Like Hell

We're way past i'm sorry  
It's the end of the story  
And i curse that day  
The day You said goodbye

There's no use in beggin  
There's no use in cryin  
Cause i cried so much  
Now all my tears went dry

Oh why  
It hurts like hell

Come on  
Set me free from the pain that i feel  
If hell is on earth  
Then heaven is real

Set me free  
Take away all the pain  
Bring back the love to feel  
In heaven again

Your win has no glory  
Your loss is you lost me  
There's no turning back  
You hurt me with goodbye  
Oh why

I thought that you loved me  
Until the day that you left me  
And i cried so much  
Now all my tears went dry
