

# Radiohead, I Want None Of This

You can keep what you want  
I want none of this  
They're just bad memories  
I don't want  
In the sunshine  
You can pack it all up  
And be gone  
And be gone  
If it matters to you  
You can sell it all up  
If the price falls right  
I won't judge  
If you get off your knees  
You'll be out on the breeze  
Take a lesson from me  
Don't get stuck on a dream
