## Radiohead, Innocent Civilian

What do you want from me? Now you got me Now my fingers bleed Now they're staring at me I'm a coward now I hold my peace Now you tie me up to your feather bed And I twist and turn in a chinese burn You won't let go You won't let go You're inside my head Inside my head What do you want from me? Now you got me Now my energy you suck from me And I'm holding on for dear life Quit smothering me Quit laughing at me I've got a disease An English disease It won't let go It won't let go You're inside my head Inside my head What did you put in that syringe? Whatever you really said to him? Is sitting there, inside of me And you bother me You posess me You're there again Ahead of me And I won't let go I won't let go You're inside my head Inside my head Inside my head Inside my head
