

# Radiohead, Stupid Car

It's funny how  
To drive your stupid car  
It's funny how  
'Cause I never get that far  
And you put my brain in overload  
And i can't change gears  
I cannot see the road

You got concrete eyes  
And I cannot see your face  
And I failed in life  
'Cause you crushed me with your hands  
And you put my brain in overload  
I can't change gears  
I cannot see the road
