

# Radiohead, Up On The Ladder

I'm stuck in the tardis  
trapped in hyperspace  
one minute snake charming  
the next in a motorcade

all the right moves and  
earn the right percent  
watch me dance  
I'm a puppet  
you can almost see the strings

give me an answer  
give me a sign  
I've been climbing up this ladder  
I've been wasting my time

so long, so long  
so long, so long

up on the ladder  
no time to escape  
up on the ladder  
away for fucking sake

up on the ladder  
try to call out your name  
up on the ladder  
you're all the fucking same

oh, you let the people down  
you let the people down  
you let the people down
