

Radney Foster, Just Call Me Lonesome

Just call me lonesome, heartbroke and then some
Cause I ain't got no one, since youv'e been gone
You called me baby, now I've got a new name
Don't need my old one, call me lonesome from now on
You used to call me, your one and only
But now you only call me someone you once knew
You were my angel, before some stranger
Stole your heart and stole my world when he stole you

CHORUS

I see you with him, and fall apart again
Remembering when I was the only man you needed
We said forever, we'd be together
He came between us and now forever lies in pieces

CHORUS

I don't need my old one, call me lonesome from now on
