

Radon, Audio Illusions

Track 5, "Terror" -The sky is high with the living breath,
and there's a little bit of luck between alive and death.

The words I sing, they're very plain.

It's an eagle on a wing.

Hey, we play audio illusions.

And the sky is high with the living breath,
with your ears you look past me.

The words I sing, they're very plain.

I'm an eagle on a wing.

Yeah, we play audio illusions.

Playin' them god damned illusions.
