

Rafo Ruez, Cuanto De Mi Es Solo Tu Voz Encarnada En M

Yo no me conozco cuando me acerco a ti,
todo es en mi gozo y entonces te acercas t,
y desde esos momentos en que no soy yo mismo, sino algo de ti.
T eres mi felicidad, caminando ah.
No s si est claro que yo me muero por ti,
los dems al diablo yo habl de que piensas t.
Claro que me importa lo que tu piensas de m! Si yo estoy aqu
Cunto de m es solo tu voz encarnada en m!

Y aunque de mi madre ese coro dira yo
no s si se entiende cun especial eres t
hasta el punto que has transformado incluso en mi voz mi vida anterior
y eso que de m te gust&#oacute; t lo has salvado.

Y aunque ambos sabemos que no hay deudas de amor
gracias a ti por cultivar mi lado mejor
gracias por aprender conmigo a hacer el amor que no sabia yo
y eso que de m te gust&#oacute; t lo has salvado.
Cunto de m es solo tu voz encarnada en m!
Cunto de m es solo tu voz encarnada en m!

I don't recognize me when I get close to you
Everything inside of me becomes joy and then you come close to me
and since those times when I'm not myself, but something from you
you are my happiness, walking around
I don't know if it's clear that I'm dying for you
people to hell, I spoke about what you think
Of course I care about what you think of me! If I'm (still) here
How much of me is just your voice incarnated in me!

And even from my mother that chorus I'd say it is
I don't know if it's understood how special you are to me
to the point that you've even transformed my voice, my former life
and that thing you liked about me, you've saved it

And even though we both know there are no debts of love
thank you for raising my best side
thanks for learning with me to make love, that I didn't know
and that thing you liked about me, you've saved it

How much of me is just your voice incarnated in me!
