In the industry you see I keep a yellow tape
Got the microphone because we want to be free
Never oppress, nor to relay your stress
? ability, but now you're put to the test
I run a set in the cool atmosphere
Don't worry about my ? or the car that I steer
The material pressure is just a digressor
Be livin' my life for me because you struggle with pressure, uh

You know!
You know the mindset's a threat
You know!
You know the mindset's a threat
You know!
You know the mindset's a threat
You know!
You know the mindset's a threat

Drop it

Ease up!
Bringin' in the new lifestyle in 1991 now
With a rrrrang 'em up in style we're bringin' it deep, yo
Now bring it down
Aw, shit

Listen to what I'm sayin'
Materialism I'm slayin'
Chasin' a ? 'cause you know what I mean
It's the system your obeyin'
Throwin' it like a catcher
You say what you think you ?
? ? GO!
I run a set in the cool atmosphere
Don't worry about my ? or the car that I steer
The material pressure is just a digressor
Be livin' my life for me because you struggle with pressure, uh
