## Rage, Human Metal

This is the time, this is the place for me They brought me back to life again It was for seen a long, long time ago I'm coming back, I shall return

Everything I've seen All the places I have been And the secrets of the earth Have been given at my birth I withstand all that's worse

I'm human metal, yes, I am real, I'm human metal I'm human metal and I am made to give you back what you have lost I'm human metal, yes, I am real, I'm human metal I'm human metal And I am made to give you back what you have lost so long ago

Organic life is pumping through my veins A hard drive's working in my head My ears are trained to catch the tiniest sound I'm powered by the notes I get

Made of blood and steel A machine but I can feel Activated by the sound Of the music that's around A raging metal pound

I'm human metal, yes, I am real, I'm human metal I'm human metal and I am made to give you back what you have lost I'm human metal, yes, I am real, I'm human metal I'm human metal And I am made to give you back what you have lost so long ago Made to save your life and make you grow A majestic symphony is life, so give up misery Now raise your head and listen what's to come...
