## Rage, Wake Me When I'm Dead

Will you wake me? Wake me when I'm dead

I think it's time now, I gotta go but don't you shed a tear when I'm gone. Before it's over, I hope that I don't suffer too much, when it's over

I don't want to miss this place I hate to leave, I just can't face realities of death, I will deny realities of death, I will deny

Will you wake me? Wake me when I'm dead

And when I grow cold you cotta put a spell on me, before I grow cold Just one injection and maybe I can stay on your side if the shot works

I don't want to miss your face the warmth of summer springtime's grace realities of death, I will deny realities of death, I will deny

Will you wake me? Wake me when I'm dead
