Rahzel, To The Beat

DON'T TAKE IT SO HARD Paul Revere and The Raiders I've tried to let you down so easy I'd like to still be just a friend We shared such memories together But all good things come to an end You should not take it so hard You wonder when you are going to see me I might just pass this way again Until then don't you wait up for me Cause now I'm getting in the wind Don't you remember what I told you from the start When people fall in love too much It can cause a broken heart that won't mend easy But if you just wait sometime I may come walking to you in the sunshine
