

# Rain, You'll See

Before I chose you, life was unkind  
Troubles arose and waited in line (for me)  
Now I'm alone, but I'm feeling fine  
'Cause Heaven knows that I'll make you mine (you'll see)  
Just yesterday I saw the first sign  
Shone like a ray of perfect sunshine (on me)  
I only pray you won't be so blind  
Sooner or later, I'll make you mine (you'll see)  
I've heard it said that love is like wine  
So go ahead and take all the time (you need)  
My sights are set, I've made up my mind  
Alive or dead, girl, I'll make you mine (you'll see)
