

Ralph Tresvant, Last Night

to long ive waited for this moment
tormented by the thought that i could lose a good thang
not yet, i havent completed my mission
only wishing that you could be my only lover
know i support, guilty of the charge that i committed
don't wanna be acquitted baby, just forgive all my sins
my heart is reaching out, after all i put you through
i need you more and more, oh yes i do

can't you see, girl that i've changed
i begging to come back to you
my whole life has been rearranged
so tell me, tell me baby, what else can i do?

last night, we made love just one more time
was it wrong, was it right
last night, it felt good to me, oh baby (2x)

don't cry, it feels to good to be sad,
just smile, it got a little emotional
don't leave, don't resist this ecstasy
this love was meant to be, forever and ever

can't you see, girl that i've changed
i begging to come back to you
my whole life has been rearranged
so tell me, tell me baby, what else can i do?

last night, we made love just one more time
was it wrong, was it right
last night, it felt good to me, oh baby(continue repeating)
