

Rancid, International Cover Up

Back down no back down comin up
Rise up no rise up showin up
Lock down no lock down comin up
International cover-up
What about the state of the union
What about the games theyre using
What about the kids that dont matter
What about a general strike
You dont know what its like
Whats its like what its like...
What about the cage getting rattled
What about the international battle
What about the kids who are dreaming
What about the kid who got stopped
You dont know what its like
Whats its like what its like...
