

Rancid, Tomorrow Never Comes

No judge, no jury, no civil rights
Show up on the line, get ready to fight
Run the streets and seize the night
Mow em' fucking down
Everyone know it's all about hate
Take control, go eliminate
Bite the bullet, go seal the fate
Mow em' fucking down

Don't you tell me about tomorrow
Cause tomorrow will never come
Gonna cheat, steal, and borrow
Cause tomorrow never comes

Tomorrow
Tomorrow
(Tomorrow never comes)
Tomorrow
Tomorrow
(Tomorrow never comes)

Tonight the wheels fell off the hustle
Show no mercy hired muscle
Now a thirst for fight and scuffle
Mow em' fucking down
Running smart not running scared
Ended up where no one dared
A war like this no one is spared
Mow em' fucking down

Don't you tell me about tomorrow
Cause tomorrow will never come
Gonna cheat, steal, and borrow
Cause tomorrow never comes

Tomorrow
Tomorrow
(Tomorrow never comes)
Tomorrow
Tomorrow
(Tomorrow never comes)

Don't you tell me about tomorrow
Cause tomorrow will never come
Gonna cheat, steal, and borrow
Cause tomorrow never comes

Tomorrow
Tomorrow
(Tomorrow never comes)
Tomorrow
Tomorrow
(Tomorrow never comes)
