

# Randle Chowning Band, God Speed (Your Love)

no water to strengthen the staff

the children have gone astray

no one seems whole but just half

in the coming of the reign

so God speed your love

oh God speed your love

(KEYBOARDS STUFF)

the dealers all tipped the scales

where the river layed soft and calm

and the drivers have driven their nails

she left me in a burning dawn

so God speed your love

oh God speed your love

(FLUTE STUFF)

I'd never been down before

but that was up 'til now

when you heart is laying out on the floor

it's easier to kick around

so God speed your love

oh God speed your love

(FLUTE / STRINGS)
