

Randy Rogers Band, Somebody Take Me Home

Same old bedroom floor
Some old empty sheets
I hate this haunted bed
So down here is where I sleep

I tried to find a place
To hide what you had left
Somethings never change
My heart hasn't yet

I don't wanna go out tonight
Yeah but I can't be alone
Standing underneath this broke street light
Can somebody take me home
Somebody take me home

The hope that we had left
I wrapped around your ring
That river just rolled on by
When I watched it sink

I don't wanna go out tonight
Yeah but I can't be alone
Standing underneath this broke street light
Can somebody take me home
Somebody take me home

Out of this bar, out of this heartache
Out of this world, I just keep breaking down
I keep breaking down

I don't wanna go out tonight
Yeah but I can't be alone
Standing underneath this broke street light
Can somebody take me home
Somebody take me home
