

Randy Travis, What'll You Do About Me

All you wanted was a one night stand
The fire and the wine and the touch of a man
But fell in love and ruined all your plans
Now what'll you do about me
Imagine the faces on your high class friends
When I beat on the door and I beg to come in
Screamin "Come On Love me again"
Now what'll you do about me
Well you can change your number
You can change your name
You can ride like hell on the midnight train
That's alright Momma that's ohkay
But What'll you do about me
Picture your neighbors when you try to explain
That good ol boy standin out in the rain
With his nose on window pain
Now what'll you do about me
What in the world are you planning to do
When a man comes over
Just to visit with you
And Im on the porch with a 2'2
Lady what will you do about me
Well you can call youer lawyer
You can call yah cuz
You can sound the alarm wake the neighbors up
Aint no way to stop a man inlove
Now what'll you do about me
All you wanted was a one night stand
The fire and the wine and the touch of a man
But fell in love and baby here I am
Now what'll you do about me
Well you can change your number
You can change your name
You can ride like hell on the midnight train
That's alright Momma that's ohkay
Now What'll you do about me
Now what'll you do about me (x3)
