

Rannie Raymundo, Why Cant It Be

You came along, unexpectedly
I was doing fine in my little world
Oh baby please don't get me wrong
'Cause I'm not complaining
But you see, you got my mind spinning

REFRAIN:

Why can't it be
Why can't it be the two of us
Why can't we be lovers
Only friends
You came along
At a wrong place, at a wrong time
Or was it me

Baby I dream of you every minute
You're in my dreams
You're always in it
That's the only place I know
Where you could be mine
And I'm yours but only
Till I wake up

REFRAIN:

Why can't it be
Why can't it be the two of us
Why can't we be lovers
Only friends
You came along
At a wrong place, at a wrong time
You came along
At a wrong place, at a wrong time
Or was it me
