## Rannie Raymundo, Why Cant It Be

You came along, unexpectedly I was doing fine in my little world Oh baby please don't get me wrong 'Cause I'm not complaining But you see, you got my mind spinning

REFRAIN: Why can't it be Why can't it be the two of us Why can't we be lovers Only friends You came along At a wrong place, at a wrong time Or was it me

Baby I dream of you every minute You're in my dreams You're always in it That's the only place I know Where you could be mine And I'm yours but only Till I wake up

REFRAIN: Why can't it be Why can't it be the two of us Why can't we be lovers Only friends You came along At a wrong place, at a wrong time You came along At a wrong place, at a wrong time Or was it me
