

# Rapeman, Log Bass

mayor of a small town  
i'm an entertainer, i'm a professional  
i do what i do (to keep clean)?

started with twinkies, ho-hos, ding-dongs,  
and now it's worked its way all the way up to some real dramamine

reached down, dislodged what i like to call a log bass  
held it up to the sky like a newborn child, and claimed it as my own  
it was bathed in its own log milk,  
a sweet fragrant scent

love me tender
