

Raro, Domino (piosenka na Eurowizja 2023)

Falling like another domino
Domino
Dom dom dom dararam
Domino
Domino
Everything around me crushing to the ground babe
Falling like a domino, domino

Nobody moves me like you're doing all night
Baby, with you there's only love on my mind
You're leaving me blind
You're stealing my time
You're my fire
Fire

It's like I'm losing someone I used to be
Baby with you there's never time left for me
You're setting me up
And breaking me up
You got me now...

Falling like another domino
Domino
Dom dom dom dararam
Domino
Domino
Everything around me crushing to the ground babe
Falling like a domino, domino

Falling like another domino
Domino
Dom dom dom dararam
Domino
Domino
Everything around me crushing to the ground babe
Falling like a domino, domino
