

# Raunchy, Bleeding #2

Piercing through flesh  
Cutting bones so don't test  
You're so fed up because you think you know what's best  
You didn't quite get there, something like this  
But don't put yourself to rest  
You winded up cold blood, gone cold but not quite dead  
Don't think all is good as it gets  
Reality check your biggest threat  
Contemplate yourself  
You're on when you're really off  
In a beat down you're beating up a dead horse  
Scream out loud, you're played out  
They still want you very bad it's showing from far  
But the boys still talk about you looking deep in that jar  
Contemplate yourself  
You're on when you're really off  
In a beat down you're beating up a dead horse  
Screamed out loud, you're played out  
Enough is said  
You're bleeding from stretched arms and legs  
Contemplate yourself  
When hate strikes your gate  
You're on when you're really off  
In a beat down you're beating up a dead horse  
Scream out loud, you're played out
