

Raven-Symon, I Love You

I love you baby
I didnt use to
Only when i knew your personality
I thought you were mineeee,
I thought you were the oneee,
So i want to tell you this,
I love you baby
And if you love me ,
Our love will be true,
Forever and everrrrr
I want you to be my side
Always and all the time yeah
But you were never there
I just want to let you know,
I love you baby
And if you love me ,
Our love will be true,
Forever and everrrrr
I dont want any girl by your side ,
I want you to be mineeeeeee
Love you babyyyy!
