

Ray Boltz, In Your Name

In Your Name

Words and music by Ray Boltz

In Your name, we come into your presence
In Your name, we breathe and live
In Your name, we find salvation
That you so freely give

CHORUS:

If we love a little more in Your name
And we care a little more in Your name
And we share a little more in Your name
Then this world is gonna be changed

In Your name, we've heard the message
In Your name, we've heard the call
In Your name, as those before us
We rise up to give you all

CHORUS (repeat 2x)

In Your name, in Your name, in Your name
I know this world is gonna be changed
