Ray, Goodman & Brown, Special Lady

You must be a special lady Billy, you sing the first verse Naw, Herb, I'm singing the second ma And a very exciting girl Al, bring that bass out, man Hey man, I'll bring it out a little bit more You gotta be a special lady Let's get down once more, come on 'Cause you got me sittin' on top of the world Sittin' on top of the world

Somehow I knew it would be you To change my gray skies to blue And it was strange when you called my name Ever since that day I haven't been the same, ooh

Before I met you, my sun didn't want to shine Then all of a sudden you slipped up from behind Pop (Pop) went the reason in my mind

A sweet special lady And a very exciting girl (ooh, so exciting) You gotta be a special lady (what a lady) 'Cause you got me sittin' on top of the world Sittin' on top of the world

I was like a song so out of key Then you came and gave my soul a melody Thanks to you, for pullin' me through I've always lost but now I win with you

Before I met you, my sun didn't want to shine Then all of a sudden you slipped up from behind Pop (pop) went the reason in my mind

(You must be a special lady) you're a lady (And a very exciting girl) so exciting, woo (You gotta be a special lady) you're a lady ('Cause you got me sittin' on top of the world) Oh, sittin' on top of the world

(Sittin' on top of the world) (Sittin' on top of the world)

Before I met you, my sun didn't want to shine Then all of a suddenly you slipped up from behind Pop (Pop) went the reason in my mind

You must be a special lady And a very exciting girl You gotta be a special lady 'Cause you got me sittin' on top of the world Sittin' on top of the world

You must be a special lady (you're a lady) And a very exciting girl (you're a lady) You gotta be a special lady (get down Billy Graham) alright 'Cause you got me sittin' on top of the world Sittin' on top of the world

You must be a special lady (woo) And a very exciting girl (oh girl) You gotta be a special lady (fade out)
