

# Ray Price, Please Talk To My Heart

Please talk to my heart because I'm lonesome pretend even if it's not true  
And don't be afraid that you'll hurt me I'm hurting that's why I need you  
Please please I'm so lonesome any love you can give me will do  
And don't be afraid I'll start crying, I'm crying that's why I need you  
[ fiddle ]  
If you say once more that it's over don't worry because I'll be blue  
You've hurt me before but can't anymore I'm hurting that's why I need you  
Please please I'm so lonesome...
