

# Ray Price, This Cold War With You

The sun goes down it leaves me sad and blue  
The iron curtain falls on this cold war with you  
For you won't speak and I won't speak it's true  
Two stubborn people with a cold war to go through  
Why oh why should love ever come to couples like you and me  
Whose cold cold wars are never done and whose hearts just can't be free  
So let's make up or let's just say we're through  
I just can't stand another cold cold war with you  
Why oh why should love ever come...
