

# Raze, Follow Your Dreams

There was a boy who lay awake at night  
Dreamin' what he'd do with his life  
What would it take to trade the rain in for that sunny day  
That sunny day  
I can't tell you what to do  
You've got your dreams, I've got mine too  
You can make it if you try  
All I wanna say tonight is  
Chorus&gt;  
Follow your dreams and you will see  
Anything you want you can achieve  
Time to begin, fly like the wind  
Breakin down these walls you will be free

Now that little boy is all grown up  
So you see that little boy was me  
I came here to let you know  
That I found that sunny day  
That sunny day  
I can't tell you what to do  
The dreams you hold will get you through  
The power you need comes from within  
Now you know it's in your hands

(Chorus)  
Rap&gt;  
I heard time and time again  
How everybodys got a dream but they feel they won't win  
Cause somebody who was illin, who wanted to be chillin  
So they could never make it even if they were willin  
So we put together this old school flow  
So everybody in my generation oughtta know  
No matter what you take from this scene  
Now you and me  
Can follow our dreams  
(Chorus)
