Razorlight, Somewhere Else

You're an emotional wreck
You don't know who you are
You never say what you mean
And you keep your mouth shut
And your nights stay still
And then you come and call on me

You say I just can't help myself I really really wish I could be somewhere else than here

And I met a girl she asked me my name I told her what it was She looked at me I tried to explain Exactly what I lost

But now I just can't help myself I really really wish I could be somewhere else Than here You give me everything I need but I really really wish I could be somewhere else Than here

Just anywhere else Just anywhere else than here

And I wont forget No I wont forget No I wont forget

And when I saw you there it was the first time And you just walked on by I was catching the sparks that flew from your heels And trying to catch your eye

But that was somewhere else somewhere else somewhere else I really really wish I could be somewhere else somewhere else somewhere else somewhere else I really really wish I could be 'Cause I just can't help myself I really really wish I could be somewhere else than here

And no I just can't help myself I really really wish I could I've got everything I need I really really wish I could be somewhere else somewhere else somewhere else I really really wish I could be
