

RBD, Gone

What you see's not what you get
With you there's just no measurement
No way to tell what's real from what isn't there

Your eyes they sparkled
That's all changed into lies that drop like acid rain
You washed away the best of me
You don't care

You know you did it
I'm gone
To find someone to live for in this world
There's no light at the end of the tunnel tonight
Just a bridge that I gotta burn
You are wrong
If you think you can walk right through my door
That is just so you
Coming back when I've finally moved on
I'm already gone

Sometimes shattered
Never open
Nothing matters
When you're broken
That was me whenever I was with you

Always ending, always over
Back and forth, up and down, like a roller coaster
I am breaking that habit today

You know you did it
I'm gone
To find someone to live for in this world
There's no light at the end of the tunnel tonight

Just a bridge that I gotta burn
You are wrong
If you think you can walk right through my door
That is just so you
Coming back when I've finally moved on
I'm already gone

There is nothing you can say
Sorry doesn't cut it babe
Take the hit and walk away
Cause I'm gone

Doesn't matter what you do
It's what you did that's hurting you
All I needed was the truth
Now I'm gone

What you see's not what you get
What you see's not what you get

You know you did it
I'm gone
To find someone to live for in this world
There's no light at the end of the tunnel tonight
Just a bridge that I gotta burn
You are wrong
If you think you can walk right through my door
That is just so you

Coming back when I've finally moved on
I'm already gone
