

Rea Garvey, Somewhere Close To Heaven - feat

It's gonna be a good night
And I'm not the type to ever waste it
Don't know where city lights may take me
But I know

It's gonna be a good night
Yeah all the memories I've been holding
I'm gonna drink 'em down till closing
Oh I know

I know this drink won't take me home
It won't place me on that road
I'll get lost downtown till the break of dawn
Singing in the bars till the lights come on

If I don't come home tonight
I'm somewhere close to heaven

If I go, then I know
Is somewhere close to heaven
To my end or my friends
Somewhere close

It's gonna be a good night
Even if we never remember
We gonna make it last forever

Oh I know

It's gonna be a good night
With good highs and good fights and goodbyes, yeah
Oh you know it's a good life

I know this drink won't take me home
It won't place me on that road
I'll get lost downtown till the break of dawn
Singing in the bars till the lights come on

If I don't come home tonight
I'm somewhere close to heaven

If I go, then I know
Is somewhere close to heaven
To my end or my friends
Is somewhere close to heaven

Somewhere close to heaven
Somewhere close to heaven

To heaven
To heaven
To heaven
To heaven

I get lost downtown till the break of dawn
Singing in the bars till the lights come on

If I don't come home tonight
I'm somewhere close to heaven

If I go, then I know
Is somewhere close to heaven
To my end or my friends

Is somewhere close to heaven

Somewhere close to heaven

Somewhere close to heaven
