

Reagan Youth, U.S.A.

In U.S., A's for apathy
Not bullshit democracy
Red, white and blue is all you see
Does it mean you're really free?

In U.S., A's for anarchy!
Not bullshit democracy
I want total liberty
I want peace and anarchy!

They tell us how to act and be
Won't want that mental slavery
With standards and authority
How can you think you're really free?!

In U.S., A's for anarchy!
Not bullshit democracy
I want total liberty
I want peace and anarchy!

Do what you want, be what you be
Don't follow their hipocracy
Open your mind, wake up and see
True freedom is anarchy!!

In U.S., A's for anarchy!
Not bullshit democracy
I want total liberty
I want peace and anarchy!
