

Real McCoy, Automatic Lover

(CHORUS)

Call for love,
I will call you up.
'cause you're my automatic lover,
My number one.
Call for love,
I will call you up.
'cause you're my automatic, (automatic)
My automatic lover.

Can you feel the force?
Can you feel it,
Can you deal with my reincarnation
In combination with excellent sophistication.
Deep, deep down. deep in my heart, baby.
You know there's something deep inside,
A Kind of mystery.
So, if you really need to satisfy your burning desire.
You'd better call me up, and I will set you on fire.

I feel my love is growing strong,
I can't fight this feeling.
I need your loving all night long,
I can't control myself.

(CHORUS)

Your wish is my command,
I'm a teacher, not a man.
'cus I've got everything it takes
To be your everlasting friend.
You know I'm someone very special.
A brand new love attraction.
And if you dial my number,
I will give you satisfaction.
Yes! call for love, get in touch with me.
So feel my super-magic-space-erotic ecstasies.

I feel my love is growing strong,
I can't fight this feeling.
I need your loving all night long,
I can't control myself.
