

# Reba McEntire, Love Is Never Easy

(J. Macrae/B. Morrison)

Love should be easy  
It's such a natural thing  
Nothing feels like the feeling  
Only love can bring

Love can be laughter  
Or heartaches in disguise  
You could love a lifetime  
And never realize

Love is never easy  
Dreams are always hard to hold  
Love is never easy  
But it's more precious than gold  
More precious than gold  
More precious than gold

Love is forever  
Until the day that it ends  
Love can just be for lovers  
Love can be for friends

So don't give up looking  
And don't be afraid to fall  
Cause when you find that one love  
You'll know it's worth it all

Love is never easy  
Dreams are always hard to hold  
Love is never easy  
But it's more precious than gold  
More precious than gold  
More precious than gold

Love is never easy  
Dreams are always hard to hold  
Love is never easy  
But it's more precious than gold  
More precious than gold  
More precious than gold
