

Rebeca Lavelle, Common Ground

Common ground, find common ground
Keep on looking, til it's found
Got one chance, that's what they say
They're all wrong cos there are many ways
Got to want it
Got to know
And nothing's just as it seems
It's not easy
It's a long, long road to find your dream
Nothing certain, that's so tough
Nothing easy, yeah that rough
Walk towards it or let it go?
Speak the words, the words you know
Got to want it
Got to know
And nothing's just as it seems
It's not easy
It's a long, long road to find your dream
Common ground, find common ground
It is out there, it can be found
Many chances, many ways
Common ground, the road is laid
But you....
Got to want it
Got to know
And nothing's just as it seems
It's not easy
It's a long, long road
A long, long road
It's a long, long road to find your dream
